

Albari Yasir Wahid

Ka/12, Kazi Villa, Kuratoli, Dhaka | albari2003@gmail.com | +880 1798907003 | github.com/wahid-ski

PERSONAL STATEMENT

Motivated and detail-oriented Computer Science and Engineering graduate with a solid foundation in Python, web development, and relational databases. A clear communicator and quick learner who works well in a team, with a particular interest in growing into Odoo ERP development. Comfortable taking ownership of small features end-to-end, from database design through to a working interface.

KEY ACHIEVEMENTS

- Independently designed and built a full-stack inventory management system for a final-year project, covering REST API design, authentication, and database schema design.
- Completed a hands-on internship contributing to live Django applications and an internal analytics dashboard used by the company.
- Maintained a CGPA of 3.70/4.00 while balancing coursework with an internship and personal software projects.

EMPLOYMENT HISTORY

Junior Developer Intern (Part-time), CodeNest Technologies Ltd. *Mar 2026 - Jun 2026*

- Assisted the backend team in debugging and maintaining Django-based web applications.
- Built and styled a Bootstrap-based analytics dashboard using HTML5, SCSS, and JavaScript.
- Wrote and optimized SQL queries in a MySQL database supporting internal reporting tools.
- Collaborated using Git and GitHub, following branch-based workflows and peer code reviews.

PROJECTS

Jersey Storefront — Flutter Web + Django *Personal / Freelance Project*

- Built and deployed a full e-commerce storefront for a friend's jersey-import business, with a Django REST backend and a Flutter Web frontend
- Designed a PostgreSQL schema hosted on Neon.tech and integrated Cloudinary for media storage
- Implemented a WhatsApp-based order flow suited to the Bangladeshi market
- Deployed the entire stack on free-tier infrastructure (Firebase Hosting, PythonAnywhere), managing the project independently end to end

Inventory Management System (Final Year Project) *Python, Flask, MySQL*

- Designed and developed a web-based inventory tracking application exposing RESTful APIs.
- Implemented user authentication, CRUD operations, and role-based access control.

Personal Portfolio & To-Do App *HTML5, SCSS, JavaScript*

- Built a responsive portfolio site and a to-do list app using vanilla JavaScript and the Fetch API; deployed via GitHub Pages.

EDUCATION

B.Sc. in Computer Science and Engineering *2022 - 2026*

American International University-Bangladesh (AIUB) | CGPA: 3.70/4.00

Higher Secondary Certificate (Science) *2022*

Milestone College, Dhaka | GPA: 5.00/5.00

Secondary School Certificate (Science) *2020*

Police Lines Academy, Dhaka | GPA: 4.70/5.00

SOFTWARE & SKILLS

Languages: Python, JavaScript/TypeScript (basics), C, C++, Dart

Web: HTML5, SCSS, Bootstrap, REST APIs | Frameworks: Flask, Django (basics), Flutter

Databases: MySQL, PostgreSQL (basics) | Tools: Git & GitHub, VS Code, Docker (basics)

Fluent in Bengali and English (reading, writing, speaking, listening).

PERSONAL INTERESTS

Exploring open-source projects, competitive programming, reading tech blogs, and playing cricket.
